Zumi Bathware Product Warranty Periods

Zumi is a brand owned by Zumi Bathware Pty Ltd. Zumi Bathware is proud of the quality of the products that we offer over our top quality of toilet suite and full after-sales service is offered, should this be necessary. In Australia, consumers are protected from the consequences of faulty or defective products by the Australian Competition and Consumer Act. Products must be fit for purpose and free from material and manufacturing defects. Zumi offers warranty terms that in many cases exceed the basic requirements, and different product types have different warranty periods and conditions. Warranty applies from the date of purchase (not installation), or for new buildings, from the date of handover.

This guide provides a reference as to what is covered by warranty and for how long. This first general terms section details the various warranty periods and the second section details the required conditions

Note: Products may have a warranty period that differs based on whether they are used for Residential or Commercial purposes. Where terms and conditions for Commercial use are different to these of Residential use, they have been specifically detailed. Commercial use includes all use types other than for normal domestic residential purposes. Zumi Bathware reserves the right to make changes to its products at any time without prior notification.

Explanation of terms: Parts and labour – this is the warranty period during which the cost of removal and re-installation of a replacement product, should that be required, is covered. Product replacement – this is the warranty period during which an equivalent replacement product will be supplied (note that this may not include installation – see below).
